 **AIRSTREAM**

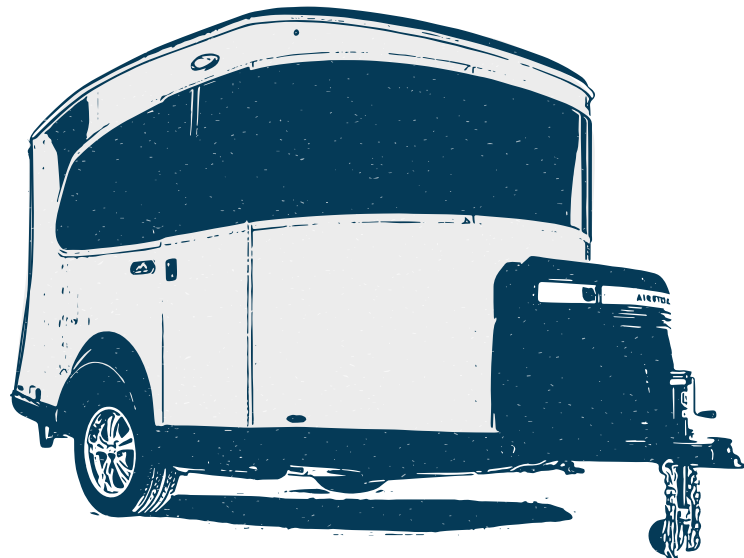

## Some things you just have to see with your own eyes.

If you've been planning a big adventure in your head but just haven't made it real yet, make your first step an in-person tour of the Basecamp.

We can show you the design and features, but the best way for you to get a feeling for whether Basecamp is right for you is to step inside, sit on the benches, and open the cabinets. You'll see for yourself how it's designed to be rugged enough for any adventure, yet comfortable enough to help you really enjoy the time you spend there.

As a quick prep for a walkthrough with your dealer, here are our **5 Basecamp Features to See In Person.**

### Feature To See

## How spacious it feels.

Smart design and space planning is everything. When you step inside Basecamp in person, you'll see how everything has a place and stays as compact as possible without ever feeling cramped.

- Seating for five
- Sleeping for two
- Full kitchen
- Full bath
- Tons of storage

### Feature To See

## How smart the bathroom is.

First of all, yes, Basecamp has a bathroom. Basecamp is designed to be minimal and compact, but we'll never ask you to compromise on things like a hot shower. Basecamp's full bath is designed for every inch to get wet. And its aluminum walls make it easy to clean and keep clean.

- Covers designed to keep dry things dry
- Showerhead pass-through for an outdoor shower
- Easy to clean surfaces

### Feature To See

## How the benches transform into a bed.

The seating section of the Basecamp works extra hard, transforming into a bed that spans the trailer. Make sure you get a chance to turn the benches, tables, and cushions into the bed yourself and see how easily it all fits together, and how spacious the bed feels.

- Tables and benches double as support for the bed
- Cushions fit together to span the trailer
- Bed comfortably sleeps two

#### Feature To See

## How the kitchen has everything you need.

What kind of kitchen appliances fit into our most compact trailer? See the stove, microwave, refrigerator, and sink for yourself. Plus, glass covers for the stove and sink mean you can have more countertop space when you need it.

- High-quality appliances
- Panoramic windows in the kitchen
- Spice and pantry storage

### Feature To See

## How technology pops up right where you need it.

Even on the most off-road adventure, you're going to need your phone. So we've strategically positioned places to charge it and any other gear you have. Take a look at the pop-up charging dock in the kitchen. Have a seat on the bench and access the lockable compartment with its own charging ports, which stays accessible when the bed is in position.

- **USB ports and 110V outlets**
- **Lockable compartment for valuables or devices**
- **Location of ports designed for convenience**
