**AIRSTREAM . . . THE ONLY ALL-RIVETED,
ALL-ALUMINUM SPORTSMAN'S TRAILER**

Here's the finest small trailer on the road today—perfect for those who want a lightweight trailer for extended trips for two people or vacation trips for four. It's a genuine Airstream, light on the hitch, light on the hills and fast on the straightaways. All the famous Airstream construction features too—All-aluminum, all-riveted with all over Aero-Core fiberglass insulation. So sturdily built that it will actually outlast your car! Keep it anywhere for months on end, it will not deteriorate. Hitch it to your car and you're ready to go at a moment's notice wherever your heart desires.

The Airstream Bubble can be completely self-contained with its own light, heat, water, kitchen, toilet to give you complete independence away from the beaten path. It is your compact home beside challenging trout streams, down inviting side roads, at the beach, in the woods or on tops of mountains. If your car can take you there, your Airstream will follow. Truly, the most practical, modern thing on wheels . . . and the best trailer investment ever offered. Remember, Airstreams have a uniquely high resale value—long years after you've thoroughly enjoyed your Bubble, it will still be worth the greater part of what you paid for it.
