'54 AIRSTREAM ROMANY CRUISER

● Here is a trailer for those that want extra comfort and gracious living. A brand new interior arrangement, as modern as tomorrow, is far different from conventional types, and is a revelation in comfort and roominess. The ROMANY CRUISER, 300 lbs. lighter than any previous Airstream of the same length, weighs under 3000 lbs. and with its weight distribution slightly forward, the towing ease is surprisingly improved.

JUST PONDER OVER THESE FACTS. Large 7' x 9' living room amidships, more galley space, twice the bathroom space, lots of wardrobe, drawer and storage space, long life airfoam mattresses. Bedroom can be enclosed for privacy by opening wardrobe doors against a header. All this added to the valuable features provided by the all aluminum, all riveted, lifetime featherweight construction used in all AIRSTREAMS. Proven the world's best.
