

**SENSATIONAL
NEW AIRSTREAM
TRAVEL TRAILER**

30 FT. SOVEREIGN OF THE ROAD

“FIT FOR A KING ANYWHERE YOU GO OR STAY”

Here's the lightest trailer of its size in the world. It's a big, roomy, luxurious 4-wheel tandem, yet it can be towed easily by any car. Recently it has been road-tested at over 90 miles per hour by an impartial automotive magazine. You may not want to go this fast—but the important fact is that the Sovereign of the Road tows like a dream behind your car at any speed. This great Airstream is your true “home away from home”—designed for glorious living and traveling comfort. It has the most amazing interior you've ever seen... a big, big living room, worlds of closet and drawer space, wonderful beds, special compartments—and to top it all, a great big bathroom with a good-sized bathtub, shower, basin and separate toilet. Add to this a convenient galley with extra large working area, a spacious combination refrigerator, deluxe stove, plus many other great Airstream features—and you have the last word in liveability. Remember, too, all the genius of Airstream design, all the experience of extensive road testing have gone into building this great trailer. Wherever you stay, you will enjoy living in it... wherever you go, you will enjoy taking it with you.

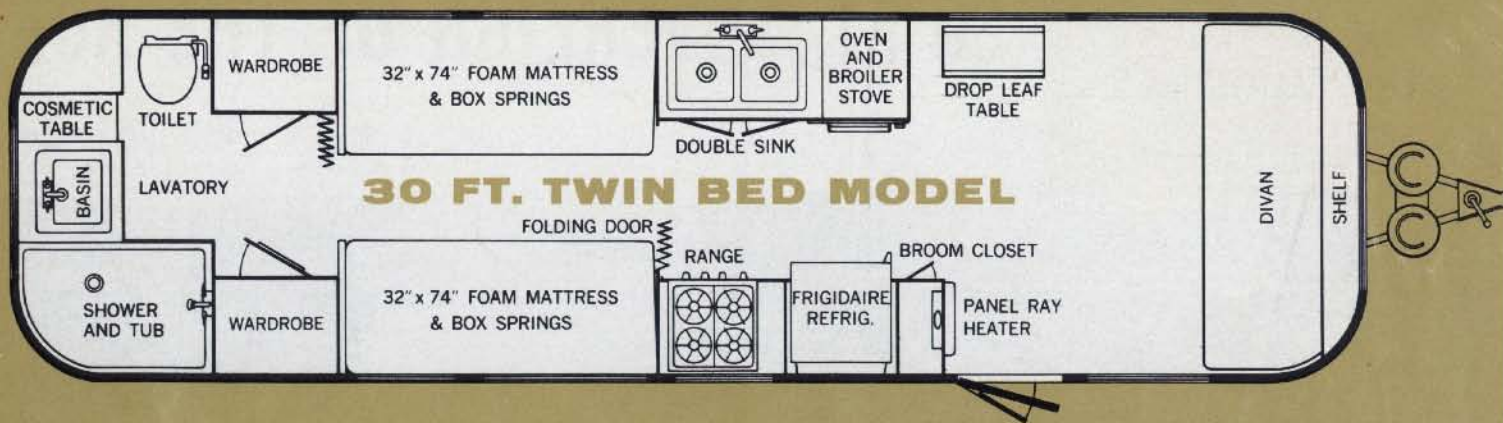

*Airstream—since 1932 the world's
finest lightweight travel trailers*
