

... the All New

28 ft. **ARGOSY** Motor Home

For '76

You'll find Argosy Motorhomes all new and exciting from the inside out for 1976. When you buy an Argosy... you buy value. Value like: The famous Airstream characteristics including light weight, strong, all-aluminum aerodynamic body for minimum air drag and maximum fuel economy; radius corner slider windows; lots of storage and counter space; name brand appliances, durable and easy-to-clean fabrics and surfaces; spacious and sensible floor plans.

Argosy is centered around a totally engineered approach for 1976 to achieve elegant on and off the road travel and livability. A unifying of performance and luxury. All of the first order.

Built on a Chevrolet chassis the driver's compartment was engineered for comfort, and a superb handling control. Take command with full compliment of automotive and household instruments, including unique optical display of vehicle function and system. From the driver's compartment back, the Argosy features throughout an experience in luxury living with plush carpeting, custom made drapes and color coordinated fabrics. Walls in easy-care vinyl clad aluminum and a luxury appointed bath with all the convenience of home.

Many outstanding features from the 1975 Argosy will still appear on the 1976 model, but in addition you'll find these new items for 1976:
