

# EXCELLA II FLOOR PLANS

Decide on an Excella II, the excitement will be very floor plan you see. Eight basic configurations and a wide range to make your luxury home-on-wheels as individual as you are.

Choose one of our rear bedroom/center bath. You'll sleep soundly on soft foam or comfy inner-springs. And you'll awake with the sun streaming through expansive swing-open windows.

For a center bedroom/rear bath model, you'll have twin beds or a double pull-out lounge and a fully dressing area with vanity and wardrobes. Connecting bath will be more luxurious, too. With shower\*\* and more storage space.

Look forward to spending leisure time in any one of our living/dining areas. The front lounge opens up a more open, spacious feeling. While the rear arrangement makes room for an upholstered chair—forming a cozy conversation nook.

Refr—complete with a large, 10-cubic-foot refrigerator—is sure to please even a gourmet chef. Add carpet flooring and you'll add elegance right where you need it.

Whether Excella II catches your fancy, you'll be riding in high-quality, luxury travel trailer. The most you can get for the money you can buy.

# AVELLE FLOOR PLANS

Comfortable. Complete. That's Caravelle in a nutshell. If you who could never afford an RV before, a Caravelle is the perfect acquaintance. A dinette area is standard and a night to a double-bedded 'cove. Or you can opt for a front del that converts to sleep two. The 24' Caravelle has a private

bedroom area where you can select a pull-out lounge and dressing vanity or fixed twin beds. You can sleep up to seven, with our new bolster and canvas bunk options (smaller Caravelles sleep five with a canvas bunk that stretches across the front window). With a spacious rear bath, wardrobe storage and overhead roof lockers—plus a kitchen with every convenience—Caravelle floor plans are planned just right.
