

Bambi

“Open a whole world of new experiences . . . a new dimension in enjoyment where travel adventure and good fellowship are your constant companions.” Wally Byam

The most compact Airstream on the road, the Bambi is perfect for those who want to get up and go, anytime, on a moment's notice. The benchmark for economy and efficiency, every inch has been designed to give maximum livability in minimum length without sacrificing any of the basic Airstream features of construction or comfort. You'll be amazed to discover just how much can be installed in nineteen feet. The Bambi has a double bed and convertible dinette, sleeps up to four, features ample galley and storage space, and a full bathroom: more space and facilities than you would imagine from the outside.

The Bambi's cozy corner bed arrangement allows for full bathroom facilities in its nineteen-foot length. Of course, in addition to the double bed, the Bambi's dinette can be made up into an extra bed perfect for the kids.
