

TRAVEL TRAILERS

PANAMERICA

*SNEAK PEEK!
New Brochure to come!*

More Than Just a Toy Hauler

Designed for the adventurer that wants to explore every mountain road and open highway, the new 34-foot 2009 Airstream PanAmerica can haul two motorcycles, ATVs, and other action/adventure gear, up to 2,500 pounds worth. The rear 11 feet of the trailer is configured as a garage, complete with a durable aluminum interior skin and textured gull-wing exterior door with fold-down ramp has been incorporated into the trailer's tail, and a pass-through door in the bulkhead with porthole window gives occupant access to both rooms. The back room is also equipped with storage cabinets, tabletop work areas, tiedowns, electrical outlets for power and speakers tied to the PanAmerica's stereo/sound system.

The fully equipped living space offers contemporary European luxury yacht-inspired design with flush cabinetry, flowing lines and indirect lighting. Stainless steel appliances, leather appointments and a flush-mount flat screen television make this an extremely comfortable RV.

PANAMERICA

Specifications

PanAmerica Wide Body

Exterior Length	34'7"
Width Exterior	8.5'
Width Interior	8'1"
Height Exterior w/ A/C	9'7.5"
Height Interior w/ A/C	6'5"
Hitch Ball Height	19-3/4"
Hitch Weight w/o options or variable weight	1475
UBW	7500
NCC w/o options fluids or cargo	4000
GVWR	11,500
Water Tank w/drain valve	54
Black Water Tank (gal)	39
Water Heater (gal) w/ electronic ignition	6
A/C w/heat pump & electronic controls	13,500
Furnace w/ electric ignition (BTU)	34,000
LPG (lbs)	60
Deep Cycle Group	2
Sleeping Capacity	3 - 4

Product information, specifications, and photography in this website were as accurate as possible at time of publishing. Photographs may contain some features that are optional on your vehicle. Since we continually strive to improve our products, actual products may differ. Prices and specifications are subject to change without notice. All capacities are approximate and dimensions are nominal. Some features or options may be different or unavailable in Canada.

Vehicle Loading Every effort has been made to provide the greatest number of options for the recreation vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices so that they remain within the manufacturer's specified chassis weight limits. Do not overload the recreation vehicle.

Dry Weights Based on standard features; optional equipment not included. Net carrying capacity (NCC) determined by subtracting unloaded vehicle weight (UVW) from gross vehicle weight (GVWR) and includes fluids, options, and cargo. Liquid capacities and weights are approximations only.

Warning This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing, and towing instructions.

TECHNICAL SPECIFICATIONS

STANDARD FEATURES

CHASSIS

11,500# GVWR
15" RADIAL TIRES W/ALUMINUM RIMS
SPARE TIRE W/BRACKET
12" ELECTRIC DRUM BRAKES
