Adventure, Inspired by Airstream

LIGHTWEIGHT. STREAMLINED.

FUEL EFFICIENT.

Founder Wally Byam knew that a rounded low-profile shape would make towing easier and more stable. And he knew that aluminum would make his trailers as light as possible.

The successful combination of its rounded shape and lightweight design has made the Airstream world-renowned for their superior integrity. That's because Airstream employs semi-monocoque construction, consisting of an inner and outer layer of aluminum stretched and riveted to the frame. This frame becomes a working part of the integral structure.

Hand-built with a craftsman's attention to detail, this aluminum skin offers unmatched durability and strength for its weight. Just ask one of the more than 100,000 Airstream owners.

Product information, specifications, and photography in this brochure were as accurate as possible at time of printing. Photographs may contain some features that are optional on your vehicle. Since we continually strive to improve our products, actual products may differ. Prices and specifications are subject to change without notice. All capacities are approximate and dimensions are nominal. Some features or options may be different or unavailable in Canada.

Vehicle Loading – Every effort has been made to provide the greatest number of options for the recreation vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices so that they remain within the manufacturer's specified chassis weight limits. Do not overload the recreation vehicle.

Dry Weights – Based on standard features; optional equipment not included. Net carrying capacity (NCC) determined by subtracting unloaded vehicle weight (UVW) from gross vehicle weight (GVWR) and includes fluids, options, and cargo. Liquid capacities and weights are approximations only.

Warning – This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing, and towing instructions.
