

Introducing the new Flying Cloud 30FB Bunk Bed ...

Airstream makes it easy to go on an adventure with the whole family. The new Flying Cloud 30FB bunk can sleep up to 8, making ample room for everyone.

There are two permanent sleeping sections in the front and back, plus two areas that can be converted into additional sleeping quarters. The convertible dinette and lounge are great for dining or socializing while on the road.

From Orlando to Seattle, LA to NY and beyond, keep your family exploring in style with Airstream.

30FB Bunk Flying Cloud

Product information, specifications, and photography in this brochure were as accurate as possible at time of printing. Photographs may contain some features that are optional on your vehicle. Since we continually strive to improve our products, actual products may differ. Prices and specifications are subject to change without notice. All capacities are approximate and dimensions are nominal. Some features or options may be different or unavailable in Canada.

Vehicle Loading – Every effort has been made to provide the greatest number of options for the recreation vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices so that they remain within the manufacturer's specified chassis weight limits. Do not overload the recreation vehicle.

Dry Weights - based on standard features; optional equipment not included. Net Carrying Capacity (NCC) is determined by subtracting Unit Base Weight (UBW) from the Gross Vehicle Weight Rating (GVWR), and is the capacity available for water, options and cargo. Liquid capacities and weights are approximations only.

Warning – This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing, and towing instructions.

Airstream now offers
24/7 roadside
service & technical
assistance provided
by CoachNet for 2013.
