

For those intrepid souls who won't settle for anything but the best, Airstream has created a travel trailer like no other. It took an international collaboration between the engineers of Airstream and famed Riva boat designer Mauro Micheli from the studio of Officina Italiana Design to create this retreat that incorporates elements from the finest Italian luxury watercraft.

Inside, the Land Yacht flourishes with elegant curved cabinetry and sumptuous padded surfaces with detail-stitching, complementing the sleek, streamlined nautical styling that cleverly hides a host of practical features and premium upgrades.

The most luxurious Airstream ever conceived.

28FB LAND YACHT

The Land Yacht's unique floorplan has a number of carefully placed design elements that create a sleek and sophisticated look in the cabin. The rear social space includes a galley that can be hidden when not in use.

Product information, specifications, and photography in this brochure were as accurate as possible at time of printing. Photographs may contain some features that are optional on your vehicle. Since we continually strive to improve our products, actual products may differ. Prices and specifications are subject to change without notice. All capacities are approximate and dimensions are nominal. Some features or options may be different or unavailable in Canada.

Vehicle Loading – Every effort has been made to provide the greatest number of options for the recreation vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices so that they remain within the manufacturer's specified chassis weight limits. Do not overload the recreation vehicle.

Dry Weights - based on standard features; optional equipment not included. Net Carrying Capacity (NCC) is determined by subtracting Unit Base Weight (UBW) from the Gross Vehicle Weight Rating (GVWR), and is the capacity available for water, options and cargo. Liquid capacities and weights are approximations only.

Warning – This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing, and towing instructions.
