

**THE SENSATIONAL
NEW AIRSTREAM
TRAVEL TRAILER**

**30-ft.
SOVEREIGN OF THE ROAD**

A MONARCH AMONG TRAILERS

Here it is at last—luxurious, spacious living and the lightest trailer of its size in the world combined. Airstream's sensational new 30-ft. "Sovereign of the Road" is a true monarch in every way. It is a big, roomy, beautifully designed 4-wheel tandem, yet it can be towed with ease by any car. Only recently an impartial national automobile magazine road-tested and clocked this trailer at over 90 mph, towed by an ordinary medium-priced car—proof that the Sovereign tows like a dream at any speed.

Yes, Airstream's new Sovereign responds to the slightest touch of the gas pedal—or the brake. Yet it has the most comfortable, most luxurious interior you've ever seen—the latest in home design. There's a big living room, plenty of closet, drawer and roof locker space. And the galley—it's out of this world. Lots of elbow room, formica tops, deluxe 4-burner stove, oven and broiler, power fan, double sink, hot water, a spacious combination refrigerator. Wait till you see the bedroom—62" Airfoam mattresses to give you restful sleep such as you've never enjoyed!

And a dream of a bathroom—big tub with shower, big wash basin, medicine cabinet, toilet—and like the bedroom it all shuts off from the rest of the trailer with specially-designed Curtitons.

The all-new Sovereign embodies all the genius of Airstream design, all the experience of building and road-testing travel trailers since 1932! Without a doubt, this is the king of trailers, the true "Sovereign of the Road." Wherever you stay, you'll enjoy living in it—wherever you take it, you'll be the talk of the road.

*Airstream — since 1932 the world's
finest lightweight travel trailers*
