

The Journey from **DREAMING** TO **AIRSTREAMING**

Whether you've wanted an Airstream all your life or your appetite for adventure is just getting started, we're here to help you understand the steps from dreaming about Airstreaming to actually being an Airstreamer.

1

Decide to go for it

It's a myth that travel has to wait until you're retired. The truth is, the sooner you get out there and live your dream, the more memories you get to enjoy along the way.

2

Find your top 3 Airstream models

Use our Shopping Tools to find a few different Airstream models that feel right for you. Why 3? It's common for your priorities to shift a little as you shop, so staying flexible makes the whole experience easier.

3

Walkthrough options in person

A visit to your Airstream dealer is where it all starts to feel real. But there's zero pressure to buy. Use your visit as a chance to tour a few models, ask detailed questions, and see how things feel in person.

5

Get your gear and plan your first trip

Because each Airstream is made to order, you'll have some time to plan for its arrival. Shop Airstream Supply Company for adventure gear, organizing products, and even décor. And use the Community section of our site to plan your first Airstream trip.

4

Order your Airstream

You've found your perfect Airstream, customized your options with your dealer, and now it's time to place your order. Your Airstream is handmade by craftspeople in Jackson Center, Ohio, USA.

6

Meet your Airstream

It's finally here! We'll deliver your Airstream to your dealer, where you'll get a thorough walkthrough of how to use all the features and what to know before you hit the road.

7

Start Streaming!

You're officially an Airstreamer! What better way to celebrate than by hitting the road. Our tip: try a short trip nearby so you can get used to your Airstream while close to home.

Start at [Airstream.com](https://www.airstream.com)

Find all the tools, product info, photos, videos, and advice you need to go from dreaming to 'Streaming. You can also find the Airstream dealer closest to you.
