Didn't Receive a Code ?

The transmission of the code may take a few moments. If you have not received a code on the first attempt, try again in 60 seconds.

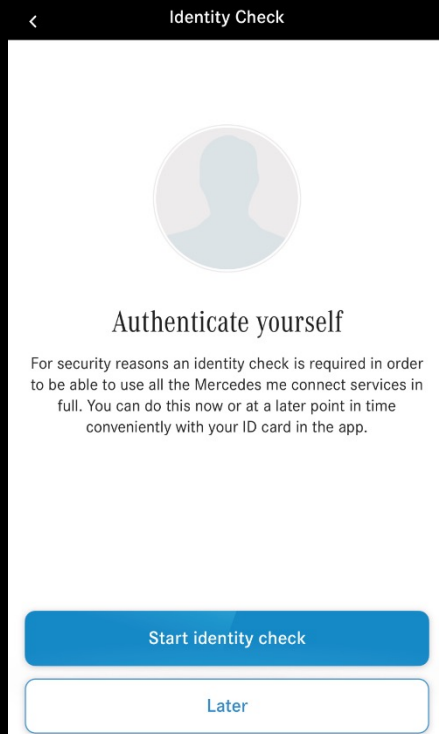

You may also want to check the network coverage in your area as well as the 'Spam' folder in your email account.

Request New Code

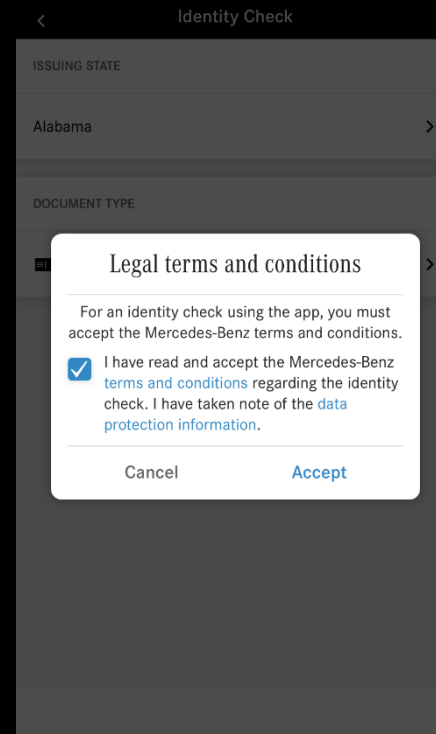

2

Identity Check

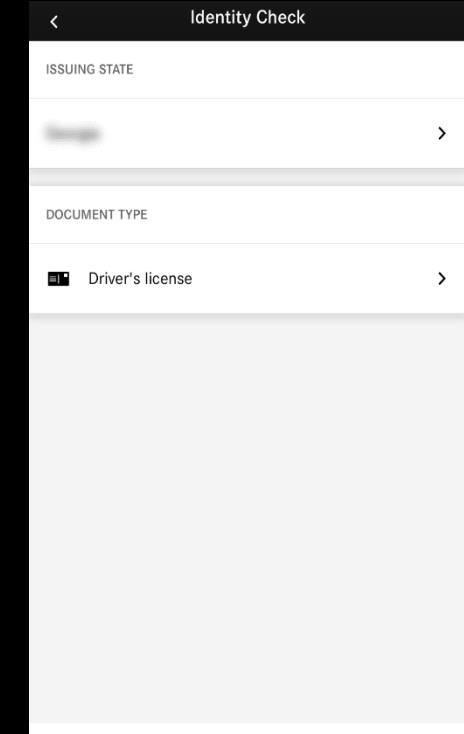

Step 1. Select “Start Identity Check”

Step 2. Confirm you agree to the terms and conditions. Select “Accept”

Step 3. Now select the state of your drivers license and upload a picture of the front and back of drivers license.

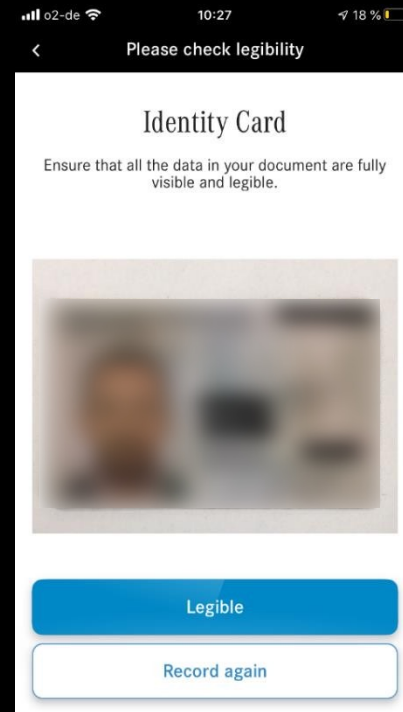

2

Identity Check continued.

Step 4. Position the **front** of your driver's license within the frame.

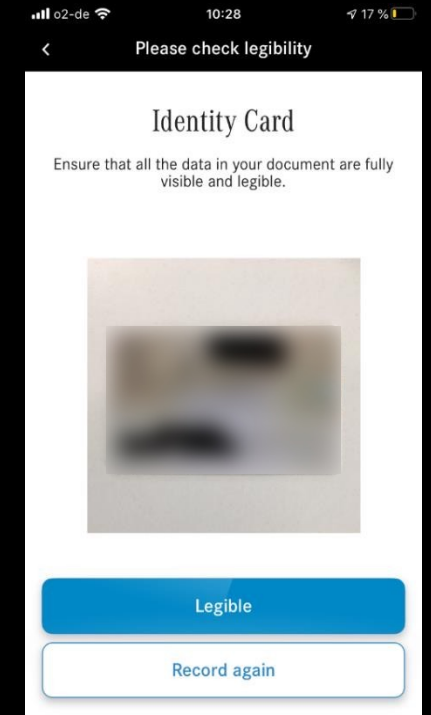

Step 5. If your picture is clear select "Legible"

Step 6. Position the **back** of your driver's license within the frame.

Step 7. If your picture is clear select "Legible"

2

Identity Check continued

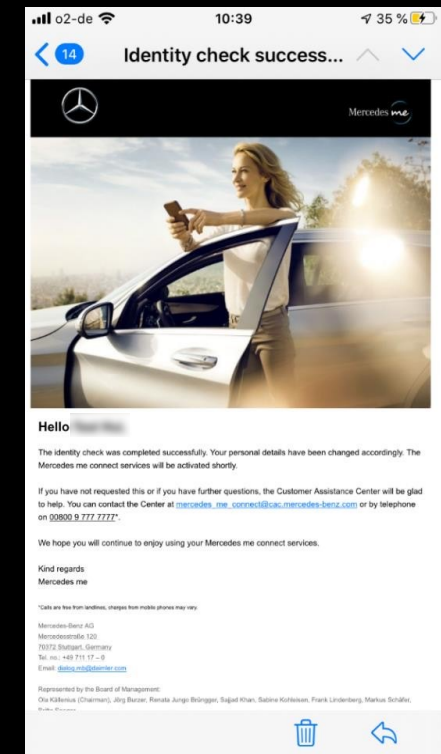

Step 8. Next you must scan your face within the frame.

Step 9. Once the scan is successful you will receive this prompt.

Step 10. Lastly, you will receive an email confirming the identity check was successful.

3

Vehicle Pairing

Step 1. Now that your account has been successfully registered, you will then be able to pair your vehicle to your account by either “Pairing using QR code” or “Pairing using VIN”

Step 2. Mercedes me connect account was successfully registered!

Pair Vehicle

Select one of the following options:

Connect your vehicle with your new account now, in order to use all available Mercedes me connect services. Please be aware that your vehicle can only be connected to one Mercedes me ID. To connect your vehicle you can choose from the following options:

- Pair Using QR Code
For primary user (only with MBUX Multimedia System).
- Pair Using Vehicle Identification Number
For primary user (with/without MBUX Multimedia System).
- Mercedes-Benz Dealership

Later

Legal

Option A (Activating using VIN):

Step 3. Enter the VIN you want associated with this account.

Step 4. Select “Start Pairing”.

Pair Vehicle

Pair a Vehicle with the VIN

Enter the VIN from your registration document or from the label on the inside of the driver's door.

Enter Vehicle Identification Number (VIN)

Start Pairing

Later

Option B (Activating using QR code):

Step 3. A verification code will be sent to your vehicle’s head unit.

Step 4. Enter the code and select “Confirm”.

Pair Vehicle

Verify Access to the Vehicle

The access code has been sent to your vehicle. After the engine has been started it will automatically be shown on the display once the vehicle has an internet connection (e.g. not in parking garages).

- 1. Start your vehicle's engine
- 2. Ensure that the vehicle has established an online connection. You may encounter problems in underground car parks, for example.
- 3. A verification code will appear shortly afterwards. Please enter this below.
