

AIRSTREAM®

International Travel Trailer

2023 Floor Plan Comparison

With easy, peaceful style and exquisite design, the International Travel Trailer is a serene sanctuary for the journey ahead. Options include Rear Hatch and Bunk features for 25FB and 27FB models, Twin Bed options across the line, and more. Floor plan layouts and options are identical regardless of décor, with primary differences found in the seating hues.

Key Points

- The U-shaped dinette in the 23FB is replaced by a traditional end-cap dinette in the middle of the line. 28RB and 30RB models both feature a convertible dinette across from the galley as well as an expansive lounge inside the main entry door.
- Note the expanding availability of table, countertop, and side table surfaces as length increases. Side beds in the shorter models make for incredible morning views when you wake up, while beds in the larger models

23FB
Weight: 5,000 lbs.
Exterior Length: 23 ft.

25FB
Weight: 5,600 lbs.
Exterior Length: 25 ft.

25RB
Weight: 5,700 lbs.
Exterior Length: 25 ft.

27FB
Weight: 6,100 lbs.
Exterior Length: 28 ft.

28RB
Weight: 6,100 lbs.
Exterior Length: 28 ft.

30RB
Weight: 6,517 lbs.
Exterior Length: 30 ft.

Coastal Cove with Seashell Ultraleather

Coastal Cove with Aqua Ultraleather

Key Points

- The warm, sandy shade of Seashell Ultraleather provides a grounded earth tone in the seating.
- Marine hues in the Aqua Ultraleather deliver the quiet tranquility of a peaceful lake or rolling waves at the seashore. Countertop surfaces, wall laminates, flooring and soft goods are identical in both décors.
- Regardless of décor choice, add the Rear Hatch option to 25FB and 27FB models for incredible views while dining and easy gear loading when it's time to hit the road. All models are available with optional twin beds, with a bunk option available in 25FB and 27FB models.
