

**AIRSTREAM®**

## Interstate 24 Touring Coaches Floor Plan Comparison

Packed with luxurious amenities, hand-made craftsmanship, and powerful performance, Airstream's lineup of 24-foot Interstate Touring Coaches is ready for any travel experience you can envision. From friends and family traveling together in the 9-passenger 24GL and couples hitting the road on a multi-week odyssey in the 24GT, to adventure seekers looking to get closer to the action in the 24X, these versatile motorized RVs are road trip ready – and ready to impress.

# Three Luxurious and Versatile Options

- At 24 feet, these versatile Class B touring coaches are easy to maneuver, expertly designed for efficient use of space, and feature all the comforts you expect – a galley for mobile cuisine, living and dining areas, and a space-saving wet bath that combines shower, sink, and toilet.
- Note the four front captain's chairs in the 24GL that swivel to face inward. The 24GT features a convenient desk behind the driver's seat that's perfect for a work-from-anywhere setup. And the rear of the 24X is a flexible space for seating, dining, sleeping, or securing adventure gear during transit.

24X  
Weight: 11,030 lbs.  
Exterior Length: 24ft. 6in.

24GT  
Weight: 11,030 lbs.  
Exterior Length: 24ft. 6in.

24GL  
Weight: 11,030 lbs.  
Exterior Length: 24ft. 6in.

# Interstate 24X

- Airstream quality and design on the interior plus standard 4x4 and Mercedes-Benz® power and performance under the hood deliver next level adventure opportunities.
- Design-forward RV features like the on-board restroom, thoughtful kitchen space, and a vast convertible living area make #vanlife something to look forward to every day. After a long day on the trail, paddling the lake, or slaloming down the mountain, come home to rest and recharge ahead of tomorrow's activities.
- An innovative L-track gear storage system is incorporated throughout the rear living space of the 24X. Secure everything from a small kayak to fishing poles or climbing gear with D-rings that quickly latch in the perfect spot, or mount bicycles with an innovative accessory available through Airstream Supply Company.

24X  
Weight: 11,030 lbs.  
Exterior Length: 24ft. 6in.

# Interstate 24GT

- Built for couples ready to set off on the road trip of a lifetime, the Interstate 24GT is ready for long-term adventures and short jaunts alike. Work from anywhere with the convenient desk behind the driver's seat, and sink into the luxury of a sleeping area that converts with the push of a button.
- Comfort is the name of the game: From the large galley and the spacious sleeping quarters to the cleverly designed bathroom that packs a lot into an efficient use of space, the 24GT is made for enjoying the journey as much as the destination.
- We start with the foundation of a Mercedes-Benz® Sprinter 3500 van chassis and add more than 50 best-in-class features as standard, not upgrades. That means the very best in safety, performance, interior design, comfort, efficiency, and more are all on board each and every time you hit the road.

24GT  
Weight: 11,030 lbs.  
Exterior Length: 24ft. 6in.

# Interstate 24GL

- Get from Point A to Point B in luxurious Airstream style. Your whole group can travel in comfort, with up to nine belted seating positions (and sleeping space for two), multiple flat screen TVs, and all the amenities you expect.
- Invite friends for a winery tour, set up the ultimate tailgate at the big game, or take the grandkids to the weekend soccer tournament. The Interstate 24GL is made for big groups who want the most out of their time on the road.
- Safety on the road is paramount – that's why we include as standard Mercedes-Benz safety and performance features like rear- and side-view cameras, driving assist features, and the Parktronic parking system. We also add in features of our own, like Air Ride Suspension for a smooth ride in virtually any road conditions.

24GL  
Weight: 11,030 lbs.  
Exterior Length: 24ft. 6in.
