

**AIRSTREAM®**

## Interstate X Touring Coaches Floor Plan Comparison

With the perfect blend of rugged features, luxurious comfort, Airstream quality craftsmanship and Mercedes-Benz® power and performance under the hood, Airstream's Interstate X lineup is ready for adventures of all sizes. Featuring two distinct floorplans at 19 feet and 24 feet, each layout offers unique characteristics that match a variety of travel lifestyles. From the expansive storage and space in Interstate 24X to the rugged maneuverability of Interstate 19X, dive into our comparison of these adventure-ready touring coaches.

## Interstate X Floor Plan Comparison

# Two Luxurious and Versatile Options

- No matter which size you choose, the **Red Rock Decor** delivers striking, modern design choices throughout. Dark grey marine-grade Simtex-carbon seating features bright red stitching on the durable and easy-to-clean fabrics.
- Every Airstream touring coach is **built by hand in Jackson Center, Ohio** by a skilled team of craftspeople. From prepping every Mercedes-Benz® chassis to outfitting the interior with hand-made craftsmanship, experience more than 90 years of quality design and expert manufacturing.
- **L-track storage** throughout both vans offers owners versatile options for securing gear. Quickly move tiedown points to create the perfect setup for securing bikes, a kayak, or other adventure gear.
- Both vans are available with the **optional E1 Package**. Featuring an enhanced energy system with a single-fuel-source heating and hot water system, the E1 Package simplifies the travel experience with powerful off-grid camping performance.

	<b>19X</b>	<b>24X</b>
Fresh Tank	20 gals	23 gals
Gray Tank	16 gals	24 gals
Waste Tank	9 gals	11 gals

Solar Capacity	250 Watts	400 Watts

19X  
Weight: 9,050 lbs.  
Exterior Length: 19ft. 5in.

24X  
Weight: 11,030 lbs.  
Exterior Length: 24ft. 6in.

# Interstate 19X

- The 19-foot length provides city-friendly maneuverability. It can even fit in most standard parking spaces.
- Clever design lets the sleeping area extend below overhanging countertops. Tables can be set up in several flexible configurations.
- Easily stow travel necessities and adventure gear in soft-sided overhead storage, as well as inside the rear benches.

19X  
Sleeps 2, Seats 4

# Interstate 24X

- Enjoy ample storage throughout the 24-foot floor plan. Soft-sided storage overhead, bungee storage under the counter, and bench storage in the rear give you plenty of options. A wardrobe behind the driver's seat provides room for hanging clothes.
- An expansive galley on the curbside features room for food prep, a two-burner propane cooktop, and a deep sink.
- A wide wet bath offers expanded room for freshening up while keeping everything contained in one waterproof area.

24X  
Sleeps 2, Seats 6

Exterior

## Similarities

- L-track storage in both vans lets you configure the perfect setup for bringing along your adventure gear.
- Both vans feature the striking Red Rock Decor, with dark grey marine-grade fabric and bright red stitching. Durable and easy-to-clean luxury vinyl flooring stands up to any adventure you can throw at it.
- All the comforts of home: Kitchen, bathroom, air conditioning, furnace, and more.

## Differences

- Galley: The 24X has a wide galley with 2-burner cooktop on the curbside, while the 19X splits the galley across the aisle and features a portable induction cooktop that stows away.
- Storage: Interstate 24X features a wardrobe for hanging clothes just behind the driver's seat.
- There are subtle differences between the wet baths, with the 19X reversing the layout and putting the sink in the corner.

## Similarities

- Durable exterior body coating help protect against road debris.
- Both vans are available with Iridium Silver Metallic exterior paint.
- Expand your living area with powered patio awnings that extend at the push of a button.

## Differences

- The 19X features a Tenzing Brush Guard with integrated LED lights that offers additional protection and visibility at night.
- The 24X features a roof rack with powerful lights that help illuminate your way or light up your campsite when the sun goes down.
- The lower body coating on the 19X extends up onto the vehicle's hood for added protection.
