

# INTERSTATE 19

BEST-IN-CLASS FEATURES

FROM AIRSTREAM® + MERCEDES BENZ®

# ROLL WITH THE BEST<sup>®</sup>

It's a term we like to use when referring to our touring coaches.

When you select the Airstream Interstate 19 you're choosing a vehicle where best-in-class doesn't require upgrades, add-ons, or extra fees.

Best-in-Class features come standard in every Interstate. Competing coaches either don't include these features or offer a sub-standard version.

For the kind of comfort and sophistication you deserve when traveling on the open road, you won't find a touring coach like it. Experience the amenities, power, and performance that come standard on every Airstream Interstate.

# DESIGN

Airstream's world-renowned reputation for quality and engineering goes into all aspects of the design, from the exquisite exterior styling to the artful craftsmanship of the Interstate 19 interior.

## Durable Flooring

The premium, marine-grade woven flooring is as durable as it is elegant. It's designed to handle heavy use while offering a stylish, modern aesthetic. Easy to clean, water-resistant, and engineered for longevity, our flooring complements Airstream's iconic craftsmanship. It ensures every journey is both beautiful and practical — whether you're parked lakeside or cruising down the highway.

## Corian® Countertops

Just because you're leaving home doesn't mean you have to leave comfort behind. That's the whole belief behind the interior amenities of the Airstream Interstate 19. Each Interstate touring coach comes with best-in-class Corian® countertops and back-splashes. To match the countertops each Interstate also comes with a Corian® adjustable swivel table that can be hidden away when not needed.

## High-Quality Cabinets

The cabinets in the Airstream Interstate 19 are crafted with premium, lightweight hardwoods and real wood veneers, delivering both durability and timeless beauty. Designed with precision and modern styling, each cabinet offers smooth, positive locking latches and ample storage. The residential-quality finish elevates the interior, blending luxury and functionality for life on the road.

## Luxurious Ultraleather™ Seating

Made with durable, luxurious Ultraleather™, seating throughout the coach is stain-resistant and easy to clean. Both the driver and passenger seats have three heat settings and offer best-in-class memory foam, so you'll sink right in.

## Power Window Shades

Remote-controlled power shades add an ease of use to the Interstate line. Cruise through the countryside in privacy and relaxation, as the day shade also blocks UV rays and reduces heat from outside. All shades are independently controlled through a master remote. They're water-repellent, easy to clean, and meet all Federal Vehicle Standards.

## Interior Décor Options

In Interstate 19, you'll notice best-in-class design in every detail. Each of the four available décor packages is appointed with beautifully coordinated colors, finishes, and fabrics. Select the look that appeals to your tastes for a truly personalized feel inside your Interstate 19.

# PERFORMANCE

While the interior of Interstate 19 is all Airstream, the chassis and engine are all Mercedes-Benz®, and our belief in “the best or nothing” is evident throughout. Or in this case, maybe it should be “best-in-class or nothing.”

## Power and Performance Under the Hood

What good is best-in-class beauty if it's missing best-in-class power? The Airstream Interstate 19 leads the way with an efficient Mercedes 2.0L turbo charged 4-cylinder high output diesel engine. With 208 horsepower and 332 ft. lbs. of torque, you'll experience superior performance under any conditions. Fast acceleration, unbelievable torque, and impressive fuel mileage – on top of legendary reliability. So, even when your adventures take you to the most remote locations, you can trust Interstate 19 to take you there and back again.

## All-Wheel Drive

The all-wheel drive system on this 19-foot touring coach delivers confident, capable performance in a variety of road and weather conditions. Seamlessly distributing power between the front and rear wheels, it enhances traction on slippery or uneven surfaces, giving drivers added control and peace of mind wherever their adventures lead.

## Multi-Function Steering Wheel

The multi-function steering wheel puts essential controls right at your fingertips, allowing you to adjust audio settings, answer phone calls, navigate menus, and access important vehicle functions — all without taking your hands off the wheel. With Interstate 19, you can stay connected while focusing on the road ahead.

# SAFETY

Safety shouldn't be considered a luxury. That's why advanced safety systems are standard throughout Interstate 19, including many which are best-in-class.

## Rear and Side View Camera

Interstate 19 is equipped with a suite of exterior cameras designed to enhance safety and driver awareness. A high-definition rear-view camera provides a wide, clear view when backing up, while side-view cameras help monitor blind spots and surrounding traffic. These cameras work together with parking assist systems, giving drivers greater confidence when changing lanes, navigating tight spaces, and parking in high traffic areas.

## Parking Assist

Front and rear sensors provide audible alerts as you approach obstacles, and the 360-degree view camera system provides confidence about your surroundings while in the driver seat.

### Additional Safety Features:

- Active Brake Assist
- Lane Keeping Assist
- Blind Spot Assist
- Adaptive Cruise Control
- 360° Camera System
- Electronic Stability Program
- Front, Side, and Window Airbags
- Load-Adaptive Electronic Stability Control
- Tire Pressure Monitoring System (TPMS)
- Hill Start Assist
- Active Rear Cross Traffic Assist
- Rain-Sensing Windshield Wipers
- Emergency Call (eCall)

# Airbags and Safety System

Interstate 19 includes front airbags for both the driver and passenger, along with side-impact airbags and curtain airbags to protect against side collisions. These airbags work in tandem with the vehicle's advanced safety systems to minimize injury in the event of an accident, providing peace of mind on every journey.

# Collision Prevention

Mercedes-Benz has always believed the best way to survive an accident is by avoiding one in the first place. With that in mind, Interstate 19's collision prevention assist uses radar to constantly monitor closing speeds between your vehicle and the others around it. If the system determines a collision is likely, it will calculate and supplement the necessary brake force to slow you down.

# AMENITIES

Sometimes it's the details that matter most. That's why we haven't overlooked a thing. Interstate 19 is packed with premium features that anticipate every need. They're amenities that will be appreciated most by those who wish to truly travel well.

## Aerodynamic Power Awning

With the push of a button, Interstate 19's best-in-class 10' power awning stretches out to create a comfortable, shady spot where you can lounge. An updated, more integrated appearance makes it as beautiful as it is functional, and support arms hold it sturdily in place. Take in a scenic sunset, then switch on the awning's LED lighting. Its dimmer provides you with just the right level of evening glow. A seismic sensor auto-retracts the awning if the wind kicks up and threatens its stability. And when you're underway, you'll appreciate its enhanced aerodynamics — exclusive to Airstream.

## Multiplex Controls

Experience seamless travel with Airstream's Multiplex System. Effortlessly draw shades, control the furnace and air conditioning, and monitor fresh, waste, and grey tank levels—all from one user-friendly interface.

Enjoy unparalleled convenience and control on your journey.

## MBUX Infotainment System

The MBUX Infotainment System in Interstate 19 offers a seamless and intuitive user experience. Featuring a high-resolution touchscreen, voice command functionality, and smartphone integration, it provides easy access to navigation, entertainment, and vehicle settings. The system also supports Apple CarPlay® and Android Auto™, allowing drivers to stay connected while on the road. With advanced features like natural language recognition and customizable options, MBUX enhances convenience and keeps you in control wherever your journey takes you.

## Largest Bed in its Class

Interstate 19 may be small but it holds the most expansive bed you'll find in any Class B RV. The power sofa and side seats convert to a sleeping space that's 66" x 72". With simple push-button controls, you are ready to curl up for the night.

## European-Style Wet Bath

Combining functionality with compact luxury, this space is designed for efficiency. It features a sleek, all-in-one shower and toilet space, maximizing space without sacrificing comfort. High-quality materials and a modern design ensure a durable, easy-to-clean environment, making it perfect for those who value both practicality and elegance.

## Luxury Features

Luxury is a feeling, and we've built it into every inch of the Interstate. Inside the coach is a furnace and water heater that efficiently delivers cozy temperatures and perfect showers. If you're feeling more outdoorsy, use the exterior hot & cold shower. And speaking of outdoors, the side and rear screen doors let fresh air in while keeping the outdoors out.

## State-of-the-Art Electronics

When it comes to keeping passengers entertained, each Interstate 19 comes with a 24" LED widescreen SMART HDTV. The vehicle also sports an omni-directional TV antenna and prewire for satellite internet services, while the multiplex control system puts operation of the Interstate 19's lighting, technology, and more right at your fingertips.

## Additional Best-In-Class Amenities:

- Aluminum ceiling and trims
- Multi-function LED lighting
- 250 Watt solar power system
- Heated windshield
- Power adjustable heated front seats
- Driver & passenger door entry lighting
- Powered entry step
- Push button keyless start
- LED undercarriage lighting
- Luxurious interior finishes
- Power sofa
- Induction cooktop
- High-efficiency refrigerator
- Sliding screen door
- Solid surface countertops
- Multiplex control system
- Advanced climate control
- Quiet, insulated cabin
- Satellite system pre-wire
- Large panoramic windows

# ROLL WITH THE BEST®

The Interstate 19 touring coach matches the precision engineering of Mercedes-Benz with the design sensibilities of Airstream. Every inch is designed with comfort, style, function, and luxury in mind.

With ample best-in-class features, it's the finest way to travel, whether you're using it for a long-term adventure or just want to enjoy a weekend road trip.

When you're ready for a tour of the Interstate 19, contact your Airstream dealer.

And download the Interstate brochure to have on hand during your shopping process.
